

# APPLICATION FORM

## Field school: Building your own instrumentation in/for cold environments

UKRI-NERC Advanced Training Short Course

03 – 09 April 2024  
Haugastol, Norway

**Deadline for applications:**  
11:59pm, 29 November 2023 (GMT)

**CRYOSKILLS**

BUILD AND DEPLOY  
YOUR  
OWN  
INSTRUMENTATION FOR  
COLD  
ENVIRONMENTS

## Instructions

- Please fill out the following application, which consists of three parts: (1) Applicant details; (2) Current employment / education; and (3) Personal statements.
- Boxes shaded in grey are *mandatory* (e.g. Last name; given name(s)).
- Boxes not shaded are *optional* (e.g. Phone number (work); How did you hear about this field course?).
- We also encourage you to fill out an online-only equality/diversity/inclusion (EDI) survey, where you can anonymously submit your responses. This survey is optional, but will be extremely beneficial in revising and improving the application process for future courses to address longstanding EDI biases and issues in the selection process as well as the larger cryospheric sciences.
- If you are filling out this word document, please submit your application as an email attachment to [applications@cryoskills.org](mailto:applications@cryoskills.org) by the deadline above. Note that there is also an equivalent version of the application as an [online form](#), if you wish to submit your application online.

### 1. Applicant details

Last name:		
Given name(s):		
Permanent address:		
	United Kingdom	
Email address:		
Phone number (primary):		
Phone number (work):		
How did you hear about this field course?
